About Recochem:

Recochem is a Canadian owned, privately held company with a global reputation for quality products and outstanding customer service. For over sixty-five years we have been known for innovation, growth and socially responsible business practices. We formulate, blend, package and distribute a range of automotive fluids and household products from six locations, allowing us to cost effectively service our customers throughout North and South America. Each location is ISO 9001:2008 certified to assure our customers consistent quality and “on-spec,” identical products from every plant, every time.

Recochem takes pride in fostering a culture committed to service, quality and outstanding responsiveness to customer needs.
