Bio-Flame™ is available in a liquid formula (Ethanol and Isopropanol) with clean burning results.

Bio-Flame™ for ethanol-fuelled fireplaces promotes the following:

- Renewable energy fuel – easily biodegradable
- Smoke-free and odourless when burned
- Does not emit harmful fumes
- Safe for indoor use without venting (by-products are CO₂, water vapours, heat)
- Can be used as an emergency source of heat

Bio-Flame™ Usage Tips:

- Fuel cannot be substituted for lamp oil or kerosene
- Refill burner only when appliance is cool
- Wipe dry any spillage before lighting the fireplace to prevent a fire outside the fireplace

Storage and Handling: Store Bio-Flame™ fuel in a well-ventilated, cool dry area.
